

FYP Logbook Entry Sheet

Meeting No: 5

Date: 8 December 2024

Start Time: 10:00 AM

End Time: 12:00 PM

Items Discussed:

- Presentation of initial UI/UX design drafts for feedback.
- Review of use case diagram and its alignment with the system requirements.
- Discussion on database schema updates based on finalized ERD.

Achievements:

The basic UI/UX concepts were reviewed and received approval, with minor suggestions for improvement. The use case diagram was finalized after incorporating the supervisor's recommendations. Additionally, updates to the database schema were discussed and agreed upon to enhance data normalization.

Problems:

The UI navigation flow needs improvement for better user experience.

Tasks for Next Meeting:

- Create the collaboration diagram to show object interactions in the system.
- Develop the sequence diagram to represent the flow of operations between objects.
