CAREER OBJECTIVES

As a firm believer in excellence, I am enthusiastic about learning new skills and contributing to the company's growth through efficiency and productivity. My career objective is to leverage my passion for continuous learning and skill development to enhance my contributions, drive success, and support the company's long-term objectives. I am committed to fostering innovation and collaboration while striving for personal and professional growth within the organization.

TRANING AND CERTIFICATION

- AWS Academy Graduate – AWS Academy Machine Learning Foundations
- AWS Academy Graduate – AWS Academy Cloud Foundations
- LinkedIn Learning – Python Essential Training
- LinkedIn Learning – Getting Started with Network Administration

HOBBIES AND INTERESTS

- Designing
- Solving Technical Problems
- Sports or Group Activities
- Learning and Development

PROJECTS

Smart Street Light

Technologies: IR/LIDAR sensors, LDR, Arduino

- Developed a system that automatically controls street lights based on ambient light and object detection, improving energy efficiency.

E-commerce for Monitor

Technologies: Java, JSTL, JSP, MySQL

- Implemented an online shopping platform to manage monitor inventory, including user authentication and order processing.

Cloth Manager

Technologies: Flutter, Django, MySQL

- Built a mobile app to manage clothing stock, including features like inventory tracking and sales management.

Kurash Championship Scoreboard App

Technologies: Flutter, Supabase

- Developed a real-time score analysis and broadcasting system for the Kurash Championship, integrating live data management with Supabase.

Yatra App

Technologies: Flutter, Django, MySQL

- Designed a vehicle rental app offering features like destination search, local guide hiring, listing own vehicles, and specific searches.

Bookery

Technologies: ASP.NET Core, React.js, PostgreSQL

- Created an online platform for book purchases and library management, featuring user reviews, secure payments, and real-time inventory tracking.

WORK EXPERIENCE

CS Nepal (Flutter Intern)

Yanglung Chowk , Dharan-10

06/2024 - 09/2024

Acheivments

- Conducted code reviews ensuring quality and consistency in Flutter codebases.
- Integrated user feedback for improved app performance and user satisfaction.
- Utilized Git for collaborative development and version control.
- Diagnosed and fixed issues to maintain high app performance.
